The City of Lincoln landscape waste facility is located on Broadwell Dr just east of Old Route 66 (Lincoln Parkway). Landscape waste includes leaves, grass clippings, limbs, and branches only. All containers used to transport materials must be emptied and taken back.

Landfill Hours are as follows:

Wednesdays: 8:00 AM through 3:50 PM

Saturdays: 8:00 AM through 3:50 PM

When the red flag is flying on the pole at the facility, this means they are burning and you should not go beyond that point for your own safety.

Please contact 217-732-4655 or streetdept@cityoflincoln-il.gov for more information on seasonal hours.
